Summer Reading Clinic 2017
I have a lot of things that dogs can do: they can fetch, they can play dead.
The Great Zipline

Bob is going on a zipline in the city.

So then it goes and he jumps on a trampoline and he goes to space!!! Then he falls and falls and falls. He is going 100 miles per hour. Then he splashes in the water of a giant pool.

If you give a pig a doughnut,
She'll want some sprinkles.
So you'll give her your favorite sprinkles, she'll spill them all, then she'll try to pick them up with a spoon.
Then she's bored, and she'll want to dance, but the only instrument you know how to play is the guitar, so you will rock out. She'll be tired and take a nap and think of food.
Then that will remind her that she wanted a doughnut with her new favorite sprinkles.
We were on the highway on our way to Palmers to ride go-carts. A lot of my family was there. We got coins to go on the first round on the go-carts. I got first place and my dad got second place. Then it started raining and we got a coin to go on it for a second round. It was slippery but my dad said it would be fun. Everyone was sliding, I still got first place and my dad got second place. It was fun!
Colorado: I love my Uncle Charlie and he loves me too. He lives in Colorado, and I will go visit him with my grandma and grandpa.

Dear Dan Gutman,

I am six, and I am going into 4th grade from Hudson Elementary, which is in Hudson, Iowa. I am writing to you because I really love your books! I have read all of them! My favorites are Miss Dainty is Crazy and Miss Peppity is Batty. Here’s a new idea: you could write a book about me and it could be called Brady Hodgin Lost His Knowledge! If you also want to, you can write about my reading buddy, Miss Miller. I hope I hear from you soon.

By your fan,
Me and my friends are playing in my room," Kenley said. And my mom said, "It is time to go to the pool." But I don't want to go to the pool." Kenley said. But my friends want to go to the pool. "When we went to the pool I hit my head on the bottom of the pool," Kenley said. I went to the hospital and got staples, and then we went home. I went home with my friends. I love the pool! The pool is fun! I like my friends! My friends are nice and kind and loving!!!

If I could invent anything, it would be the 'Amazing Dog Home.' It would have a deck, pool, and a wall of toys. To open it, it would use a paw print. It would be big enough for me to fit in it.
I like my bear. I got it from my Grammy. I love it.
Minecraft
First Day/Crafting

Minecraft is a game that many people can enjoy. The game costs $6.99 and can be played on multiple devices once you purchase it, like your iPhone or tablet. In this game you can personalize your own world. There are two different ways to play Minecraft, Creative and Survival. Creative is where you have unlimited space to create what you want. Survival is where you try and survive.

Here is the first thing you want to do when you start your Minecraft world. You want to punch down a few trees with your fist. Afterwards, you will go to your inventory. Your inventory is located at the bottom of your screen on the right hand side and is represented by three dots. Once you click into your inventory go to your left side of the screen and click on the crafting table. One wood log makes one crafting table. Next, place down your crafting table wherever you would like. Now, click on your crafting table to make more wooden planks. Two sticks and three wooden planks make a wooden pickaxe. You can mine stone with this. Stone is found underneath the dirt. To get to the stone punch the ground with your fist. Now mine it with your wooden pickaxe, get about ten pieces, then mine back up to the top of your world. Go back to your crafting table and make more sticks. With two sticks and three pieces of stone you can create a stone pickaxe. Using one stick and two pieces of stone you can make a stone sword. All of these items are better than wooden ones. Next, go up to a hill and make a 3x2 hole and dig five blocks in, that will be your home for the night.

If you have extra time find three sheep and kill them with your stone sword. Next, go back to your crafting table and make a bed. To make a bed you need three white wool and three wooden planks. Then place it in your hill home. You need two blocks to place it on. Then click on the bed and you will skip the night. This is a good step by step tutorial for your fist night in Minecraft.
Jeremy decides to go to the highest peak to see if he can find a big turtle using a magnifying glass. He spots two 3/8 turtles. They are not as big as the one I have. Then he spots one on a different island. It has the numbers 0 and 15 engraved on it's shell, so it is probably a 0/15. It has more health than the one I have. My turtle has more attack power than 0/15 turtle.

Next Jeremy heads towards the boat to set sail. He sees the island directly ahead of him. The boat is halfway there. Then the boat stops suddenly in the middle of nowhere. There are no rocks. All of a sudden, mist appears in front of the boat. The mist has darker spots, they look like a 0 and a 10. The boat gets pushed back by two objects, they are two great white 8/8 sharks.

Jeremy places the 2/10 turtle, that he got a little bit ago. One of the huge, frightening great white 8/8 shark attacks. He blocks with the 2/10 turtle. Then he places 2/4 angel and two artifacts. Jeremy puts the artifacts on the 2/4 livelink angel, it is now a 5/7. The two great white 8/8 sharks attack. He blocked with the 2/10 turtle and the 5/7 livelink angel. The 5/7 angel gets killed, Jeremy gets 5 health. Jeremy brought back the angel, the angel got +1/+1, it is a 3/5. He puts the two artifacts on the angel, it is a 6/8. “Wait where is the 0/15?” Jeremy thought. “What is that coming towards the boat? It is a small thing on the water.” Then it gets to the battlefield, it comes to the surface. “It’s the turtle!” Jeremy shouted. He attacks the 8/8 shark with the 6/8 angel. Before the angel hits the shark, Jeremy puts an instant down, and it gives the angel +5/+5. He kills one of the sharks.
The Two Super Heroes

A long time ago, there were two super heroes. The leader's name is the Sheldonator, and the side-kicks name is, Kayla The Destroyer. So, they fight crime. They went to an island, turned off the death ray, and punched the bad guy in the face. Then they went to the city, and Dr. Poopy Pants made a very bad toilet. The only way they could beat him up is bad music. So, they put rock music on and he died.
New Sister

Once there were friends. Their names were Pickle and Peanut. Pickle had to stay at Peanut's house because Pickle's mom had a baby girl. Pickle was crying and Peanut told Pickle to calm down. Pickle calmed down and Pickle and Peanut went to sleep.

The next day Pickles mom came home with Pickle's baby sister. Then Pickle and Peanut went outside. Pickle saw his mom with the baby and Pickle was happy!
Sharks are my favorite animal. They are the best predators in the ocean. Sharks have been in the world for 400 million years. There are different kinds of species. My favorite shark is called the tiger shark. Sharks eat different kinds of fish. Sharks use the first two rows to bite their prey.

It was so much fun with my mom and Ashley!
