TEACHER LIBRARIANS

WHAT CAN TEACHER LIBRARIANS DO FOR YOU?

1. LEAD IN TECHNOLOGY AND LITERACY
2. TEACH DIGITAL CITIZENSHIP
3. ADVOCATE FOR LIFE LONG READERS

Q: WHAT IS THE MOST CHALLENGING SKILL IN A 1:1 SETTING?
A: WHEN YOU FIND INFORMATION, REALLY KNOWING IT’S TRUE.
— IOWA HIGH SCHOOL SENIOR WITH 4 YEARS IN A 1:1 SCHOOL

TEACHER LIBRARIANS LINK TECHNOLOGY AND LITERACY BY TEACHING STUDENTS TO FIND, EVALUATE AND USE DIGITAL INFORMATION.

STATE REQUIREMENTS

ONLY 2% OF STUDENTS WERE RATED AS EXCELLENT BY TEACHERS IN THEIR ABILITY TO RECOGNIZE QUALITY INFORMATION, EVALUATE BIAS, VERIFY SOURCES AND USE MULTIPLE PERSPECTIVES (Miller & Bartlett, 2012).

Iowa Code 256.11(9) requires that “each school district shall have a qualified teacher librarian” and “standards for an articulated sequential” library program. Teacher librarians (formerly known as media specialists) have endorsements #174 (K-12), #108 (elementary), or #109 (secondary).

The Iowa School Library Program Standards are available on the Department of Education website: educateiowa.gov/pk-12/instruction/school-library

TEACHERS ARE 3 TIMES MORE LIKELY TO RATE THEIR LITERACY INSTRUCTION AS EXCELLENT WHEN THEY COLLABORATE WITH TEACHER LIBRARIANS (Lance, et al., 2009).

The University of Northern Iowa does not discriminate in employment or education. Visit uni.edu/policies/1303 for additional information.
TEACHER LIBRARIANS
MAKE YOUR BEST TEACHERS BETTER

When teacher librarians **LEAD** by linking technology and literacy:

- Students learn to apply critical literacy skills to new technologies while constructing new insights, pursuing their passions and creating innovative solutions.
- Teachers gain a **curriculum and professional development leader** who helps select and integrate quality digital resources and ensures the success of technology integration.

When teacher librarians **TEACH** digital citizenship:

- Students learn how to efficiently search online and manage their digital footprint.
- Teachers gain a **co-planner and co-teacher** who links content to technology, inquiry and Iowa standards.

When teacher librarians **ADVOCATE** for lifelong readers:

- Students learn the joy of finding the right book at the right time.
- Teachers gain **literacy leaders** who practice responsive collection development to reflect diverse needs, guide students’ choices, and promote and organize literacy events (AASL, 2009).

For more information about teacher librarians and UNI’s online School Library Studies program, visit uni.edu/sls and contact karla.krueger@uni.edu.

**TAKE THE NEXT STEP**
Have a conversation with your teacher librarian about:

- Collaborating with teachers
- Leading professional development
- Taking on a TLC role

**RECRUIT A TEACHER LIBRARIAN**
If you don't find any qualified applicants for your teacher librarian position, try one of the following options.

**Develop your program:** You will attract more applicants if your schools have full-time teacher librarians, paraprofessional support, and clear administrator vision of how teacher librarians can enhance learning.

**Grow your own:** Recruit a teacher in your district to become a teacher librarian. The state may grant an emergency endorsement to teachers who are enrolled in teacher librarian coursework such as UNI’s online School Library Studies program.
