

Kindergym

moving to learn • learning to move

It's Kindergym Time at the University of Northern Iowa!

The School of Health, Physical Education and Leisure Services will be offering its early childhood movement program for children between the ages of 2 – 5 during the **Spring semester 2016**. The Kindergym schedule will include six (6) Saturdays: **January 23, 30, February 6, 20, 27, and end on March 5th**. All sessions will be held in gym 84 of the Wellness/Recreation Center. Each Saturday there will be sessions held from 9:00 to 9:50 AM and from 10:00 to 10:50 AM. The 9:00 session will be mainly for the 4-5 year olds while the 10:00 session will be mainly for the 2-3 year olds. You may park in the lot directly north of the Wellness Center without charge or in the lot across Hudson Road and take the tunnel to the Wellness/Recreation Center, entering through the northeast doors.

Registration fees for the Spring 2016 semester will be \$35.00 for the first child per family and \$30.00 for each additional child. Enrollment fees include a T-shirt displaying the Kindergym logo. Please deduct \$5 if your child already has a shirt. A parent or guardian is required to accompany the child during each session. We have found that most children feel more secure when a "familiar face" is near by and although care is taken in providing a challenging, yet safe environment, the adult is still essential in promoting safe behaviors and activities within this environment. We also request that when circumstances dictate that older siblings must accompany the adult and Kindergym participant to the session, the older child take a passive role during the session so as not to inhibit or endanger the younger children.

Registration for the **Spring 2016** Kindergym Program will begin **November 2, 2015** and continue until all of the registration slots are filled. Registration forms can be sent to **Rip Marston, UNI - Kindergym, 119 WRC, Cedar Falls, IA 50614-0241** Feel free to copy this enrollment form for friends that may be interested. Questions may be directed to Rip Marston. Our Spring 2016 program will have planned physical activity stations that focus on age appropriate movement skills that encourage success in a fun atmosphere. We are excited to offer this hands on opportunity to our Cedar Valley area parents, children and university student communities. We look forward to having you join the Kindergym family to share in our fun and excitement.
